The diagram illustrates a file dependency structure. At the top is a gray rectangular box containing the header file path: /home/maxmahem/wallch-2.0/QOpenCVWidget.h. Below this box are two white rectangular boxes. The left box contains the source file path: /home/maxmahem/wallch-2.0/mainwindow.cpp. The right box contains the source file path: /home/maxmahem/wallch-2.0/QOpenCVWidget.cpp. Two blue arrows point from the bottom of each source file box up to the header file box, indicating that both source files include the header file.
